

FANTASY L.A.N.D.

Natural Environment

Alexis from purpleshefclub.com

Section 4

- Come up with fantasy creatures and any normal creatures we want for our story
- Come up with fantasy flora and any normal plants we want for our story
- Add these to our bestiary and floral journals

My Process

- What do you already know you want to include in your story?
- Refer to your lore, and advancement sections for inspiration
- Refer to your climate and biome for inspiration
- Decide what goes in your bestiary and floral journal and what goes into your biomes worksheet.

A note on herbalism

- Use resources and only worry about this when the use for herbs comes up in your story.

Fantasy Flora & Fauna Tips

- Use the resources in the directory to find out about fantasy creatures and plants that already exist
- Look to your civilization inspirations mythology. For me that would be the polish mythology
- Use generators
- Mix and match real and fantasy animals and plants to come up with your own
- Add fantastical elements to what flora and fauna exist in real life

Recap

- Come up with fantasy creatures and any normal creatures we want for our story
- Come up with fantasy flora and any normal plants we want for our story
- Add these to our bestiary and floral journals
